MOLD

Willems Re-joins Recoveron Restoration Services

Tony Willems has re-joined Recoveron Restoration Services as a project manager. Willems' primary responsibilities include working with insurers, adjusters, subcontractors and the client to return the insured property to its pre-loss condition.

Willems is rejoining Recoveron after previously holding the position of operations manager for ten years. "We are more than happy to have Tony back on our team," said Andy Kaye, president of Recoveron. "His background with Recoveron and in the building industry makes him a great asset to our team."

Willems holds a II CRC certification in the restoration industry for water, fire and odor control restoration. Willems is also a licensed contractor and volunteers with the American Red Cross.

Company Overview:

Founded in 1995, Recoveron is a one-source, full-service restoration company, specializing in fire, water and mold restoration for commercial and residential losses. Its staff of 45 is certified in the latest fire, water and mold restoration techniques and utilizes state-of-the-art equipment to ensure high quality craftsmanship and customer satisfaction. Recoveron has offices in Green Bay and Plymouth.
